

CROSSBOW 3LS™

THE EYESHIELD RE-INVENTED™

PRODUCT DESCRIPTION

The Crossbow™ is unlike any other ballistic eyeshield. The Tri-Tech Fit™ frame achieves a universal fit with zero pressure points. The lenses won't fog, thanks to ground-breaking ClearZone™ FlowCoat technology, which is engineered to eliminate fog inside and prevent scratches outside. The 2.4mm polycarbonate high-impact lenses feature ESSOPTICS™ for distortion-free optical precision. When you're ready to switch tints, the innovative DedBolt™ Lens Lock pivots up for easy release, then clamps down for rock solid retention under impact. Form, Fit, Function...Perfected. The Crossbow 3LS™ is a 3-lens configuration designed for international customers.
